

Since the 17th. Century, Family BARON owns and cultivate vineyards in Champagne vineyard area.

In 1966 Mr. Gabriel BARON was given 1 hectare of vineyard by his father, on his marriage to Miss. Dolores FUENTE. One year later, as a symbol of their union, Gabriel BARON and Dolores FUENTE named their brand new company: “Champagne Baron Fuenté”.

The first bottles were produced and marketed directly to private customers and to local restaurants. The company kept on developing year after year.

Today, Baron Fuenté owns 35 hectares of vineyards. BARON FUENTE is a family brand, champagne winemaker in the village of Charly-Sur- Marne, on the Westside of the Marne valley.

The style of our champagne is dominated by the Meunier, bringing fruitiness and delicacy to the cuvees and blended with the finesse of the Chardonnay and the strength of the Pinot Noir.

Our company is faithful to tradition and dynamic:

- *The winemaking process: 19 000 hectoliters in new stainless steel vats,*
- *The stock: a capacity of 3 millions of bottles, to have a maximum reserve*
- *The control: to ensure the regularity of the quality of our Champagne.*

Today, BARON-FUENTE wants to develop its sales on Export.

We would be pleased to welcome you in our cellars.
